

Made a Lot of Stops

-Haven't seen you in...!

-Five years. Icy swamp called Europe, where homeless piss on sites labeled History, and pseudo-savants rearrange grimy stones and call it Architecture.

-Which country?

-Same.

-Still in Electronics?

-Maybe.

-And secrecy, of course!

-Said too much.

-Where next?

-Don't know, but keep the camel shit!

-Good word for anyplace?

-Japan. Girls cute. Not like the Budweiser Clydesdales here!

-Practically, man without a country.

-Accept Japan, or quit!

-Narrow criteria.

-Really cute!
